

# ThinkStation P3 Tiny Gen 2

Whether managing projects, developing software, or creating high-end content, this workstation, powered up to one 65W Intel® Core™ Ultra (Series 2) processor, delivers powerful performance tailored for business professionals who demand speed, responsiveness, and efficiency. The discrete GPU options, including the NVIDIA® RTX A1000 or RTX A400, ensure exceptional graphics capabilities for intensive design, rendering, and analytical tasks, while integrated Intel® Graphics offer reliable performance for everyday business applications. Supporting up to 128GB DDR5-6500 memory, this system enables seamless multitasking and ultra-fast data processing, making it ideal for professionals working with large datasets, complex simulations, or creative workflows.

**Elevate Professional Endeavors  
with Powerhouse Workstations**

The support for up to four independent displays through onboard DisplayPort, HDMI punch out port 1 (VGA / HDMI® / DP / USB-C®), and punch out port 2 (VGA / HDMI® / DP / Thunderbolt™ 4) allows users to create a highly customized and expansive visual workspace. Whether managing complex data sets, multitasking across various software tools, or presenting content seamlessly, this multi-display support significantly enhances productivity and workflow efficiency.

The robust security features, including a discrete TPM 2.0 chipset provide hardware-based encryption for sensitive data, secure credential storage, and ensures system integrity by preventing unauthorized access at the hardware level. Additionally, 3 x 7 mm Kensington® Security Slot™ offers flexible anchoring options to secure the workstation to a desk or fixed location, effectively deterring theft.

The compact dimensions of 179 x 182.9 x 37mm and weight of 1.4kg (3 lbs) make this 1L Tiny workstation an ideal solution for modern business professionals seeking efficiency without compromising performance. Its ultra-small footprint allows it to fit seamlessly into any workspace, freeing up valuable desk space for greater productivity and organization.
